Soap Dispenser Chrome **FORPT29**

9 421009 512973

Congratulations on your purchase of this high quality product from Foreno Tapware.

Please read the following before installation and retain (along with your receipt) for future reference.

TECHNICAL SPECIFICATIONS

Suitable for Standard 1/2 inch BSP Basin Hole (Ø25mm diameter).
Maximum Benchtop thickness = 35mm

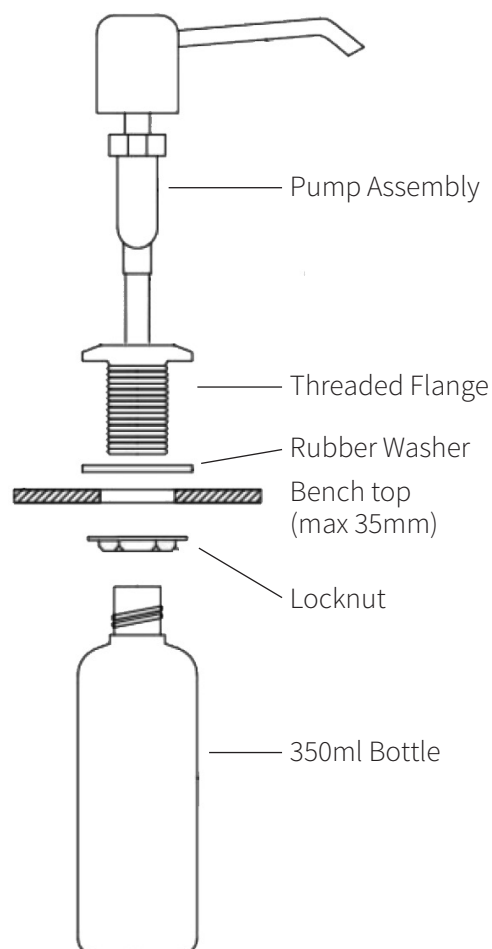

For domestic use only.

CONTENTS

- Dispenser Assembly
- 350ml PET Soap Bottle

INSTALLATION

- Dispenser comes fully assembled, requires disassembly to install
- To install in bench or sink top, unscrew and remove soap bottle
- Remove white locknut, leaving rubber washer on threaded flange.
- Remove Pump assembly from threaded flange by gently pulling pump assembly out of flange
- Insert threaded flange through Ø25mm hole in bench top ensuring rubber washer is in place for water tight fitment.
- From underneath the bench or sink, handtighten the locknut to secure the flange to the bench.
- Screw bottle into flange ensuring it is tightened adequately.
- The bottle can be filled with a maximum of 350ml of liquid soap from above the bench without the need to remove bottle.
- Once filled, gently push the pump assembly into the threaded flange, and prime pump with 3-4 pumps.

WARRANTY

Please refer to our website for warranty information: **www.foreno.co.nz/warranty**

In the unlikely event that this product fails during its warranty period, phone our Customer Service team immediately on 0508 FORENO (0508 367 366) – as unauthorised removal of the product may void the warranty.

CARE AND MAINTENANCE

Chrome-plated finishes should not be cleaned with astringent, abrasive or citric cleaners.
A soft, damp cloth is recommended for cleaning. Mild soap solutions can also be used on occasion.
